

## ESPM: POLICY, PLANNING, LAW AND SOCIETY TRACK

### Suggested 2-Year Plan for Transfer Students

This is one possible plan for finishing the PPLS track and graduating within two years (assuming full-time enrollment) if you enter the ESPM program having already completed:

- All liberal education requirements
- Foundation courses (biology, chemistry, speech, statistics, etc.)
- 60 credits

**You are strongly encouraged to consult with your faculty advisor and create a graduation plan that fits your personal situation and transfer coursework.** Doing this your first semester will increase the likelihood of timely graduation and ensure you do not take additional unnecessary courses. It will also facilitate the petition process for counting transfer coursework toward specific ESPM program and graduation requirements as necessary.

#### First Year: 33 credits

Fall	Spring*
ESPM 1002 (1) Orientation to ESPM for Transfer Students	ESPM 2021 (3) Environmental Sciences – Integrated Problem Solving
